The Langs' Fairy Books are a series of 25 collections of true and fictional stories for children published between 1889 and 1913. The best known books of the series are the 12 collections of fairy tales also known as Andrew Lang's "Coloured" Fairy Books or Andrew Lang's Fairy Books of Many Colors. In all, the volumes feature 798 stories, besides the 153 poems in The Blue Poetry Book.

An odd-eyed cat is a cat with one blue eye and one eye either green, yellow, or brown. This is a feline form of complete heterochromia, a condition that occurs in some other animals, including humans. The condition most commonly affects white-colored cats, but may be found in a cat of any color, provided that it possesses the white spotting gene.
